### **Base31 Overview**

Base31 is a cultural destination on the site of a former 70-acre WWII air training base in Picton, Ontario. An evolving fusion of creative placemaking, culinary arts, heritage, ecology, events, innovation and community, Base31 invites you to peer into the past and co-create its future.

Operated as a military base until 1969, the site transitioned into a business park and airport and was purchased by PEC Community Partners in December of 2021. The new ownership group has embarked on an ambitious revitalization program that includes the adaptive re-use of many of the heritage buildings, transformation of the landscape and significant investment in placemaking, public art, programming, site activation and food & beverage.

### **The Pilot's Lounge**

The Drill Hall is a historic 22,000 square foot space equipped with newly-installed audio/visual and theatrical infrastructure, a performance stage and a licensed outdoor patio.
